# The way we do business with you

**Terms** Cash, unless otherwise agreed upon. All orders to be sent C. O. D. must be accompanied with one-fourth the amount in Cash. Remit by Money Order, Registered Letter, Draft or Check.

**Order Early** It is important that you order early. For the benefit of customers who wish to order early, but do not care to spare all of the money when the order is sent, we will accept such early orders if 10 per cent of the amount is sent with order. We will reserve the stock for you. Balance to be sent when you order the stock shipped.

**Directions for Ordering** Write name and address plainly. Always state distinctly the size and grades of stock ordered as per the grade given in this list. When named varieties cannot be furnished, we reserve the right to substitute such varieties as will fill the season as near as possible, unless prohibited in the order. Persons unacquainted with the different varieties will generally get a much better selection by leaving the assortment to us. Keep a correct copy of the order, so that when the stock arrives you will know exactly whether you get what you have ordered. If we make mistakes, they are accidental, and we wish to right them.

**Prices** The prices are for the quantities named, but five, fifty and five hundred will be supplied at ten, hundred and thousand rates respectively—i. e., five at half the price of ten; fifty at half the price of one hundred, and so on.

**Packing** All goods are packed free. Notwithstanding this fact, we use the utmost care and pack according to the distance and our customers' best interest. Everything is correctly labeled.

**Our Guarantee** The fact that nurserymen, planters and fruit growers of the country have ordered of us year after year, is as good a guarantee as can be given by any nursery of over fifty years' standing. But if any mistakes occur we will cheerfully rectify them.

**True to Name** We use the greatest care possible to have our stock true to name, and should any not prove true, we stand ready to replace it free of charge, or to refund the purchase money, but do not hold ourselves liable for any greater amount than the first cost of stock that may prove not true. We are not responsible for any loss sustained by the purchaser after stock is delivered in good condition.

All shipments of trees will be accompanied by Certificate of Inspection of the State or Government Entomologist. Good stock, true to name, sold direct to the planter at reasonable prices is our aim.

**Our Location** Our location is the very best for producing well ripened stock with splendid roots. Our facilities for prompt shipments are first-class.

We solicit correspondence and personal inspection of our stock, confident that it will compare favorably with the best.

# JUST ABOUT OURSELVES

ALL OF THE TREES we offer are grown right here on our own land and under our own care. We are proud of our record of the orchards that are growing in every state from the trees we have produced. Some of our customers have been with us for more than forty years, and we expect to keep right on serving a larger circle of new customers every year with **Bagby** quality trees. This list contains only the standard, time-tried and tested varieties.

Over fifty years of experience in the nursery business has taught us that our customers like our way of doing business, for they know that we do not exaggerate the merits of our varieties. We produce good stock, true to name, pack it well, ship it promptly and in good condition, and charge only reasonable prices. Let us fill your order.

## "What Shall I Plant?"

We wish to say that the **small-size trees** are strictly first-class and well rooted, and by many will be preferred to the larger ones. So many ask, "What should I plant in my locality?" that we will here name a few of the popular and profitable sorts for general planting.

### APPLES

**Jonathan, Delicious, Mammoth Black Twig, Gano, York Imperial, Stayman Winesap, Rome Beauty, Winesap, Grimes' Golden, Maiden Blush, Yellow Transparent.** This is our Commercial List. Others would add, perhaps, **Ben Davis, Duchess of Oldenberg, etc.** All of the above are good, profitable sorts, both for home use and market.

### PEACHES

If you want to market your fruit, avoid planting too many early sorts. **Elberta, J. H. Hale, Carman, Champion, Captain Ede, Heath Cling, Krummel, Gold Dust, Belle Ga.** and Crawford are all profitable for market. Should early sorts be desired, **Mayflower, and Greensboro** are what you should plant. Plant **October Beauty** for best late yellow cling. If for home use, plant general assortment, including above, for a succession. The peach tree should have shoots and branches shortened every year or two. The land should be kept in a high state of cultivation.

### PEARS

**Kieffer and Garber** will stay in the lead for profit in the Mississippi Valley states, **Duchess and Bartlett** can be profitably planted farther west. **Koonee** is the best early Pear. **Seckel** is the best mid-summer variety.

### CHERRIES

**Early Richmond, Dyehouse, Montmorency, English Morello (Sour), Governor Wood, Elton and Magann (Sweet),** do very well and are profitable. For general planting we do not recommend the English Morello.

### PLUMS

**Wild Goose (Native), Common Damson, Shrop Damson, German Prune (European), Abundance, Wickson and Burbank (Japanese),** are all good bearers and profitable. We consider the **Abundance** and **Burbank** the best of the well-known Japanese sorts. **BLACK BEAUTY IS THE BEST OF ALL.**

### WHOLE ROOT TREES

All our Apple, Pear, Peach, Plum and Cherry trees are grown on "whole roots." Our Apples are grafted and planted so that the scion also roots. Don't pay extra prices for "trade marks." We give our customer the **very best**, and we don't ask **two prices**. A trial order will convince you. In planting our trees, you get the best that experienced and skilled labor can produce.

### OUR SHIPMENTS

Our shipments for 1925-1926 went to thirty-two states and territories. We do not claim you should plant "Bagby-grown or none at all," but we do want to impress on you the fact that there are **NONE BETTER**.

DeWitt Co., Ill., April 24, 1926.

Both lots of trees received, and were in fine condition. Old Missouri can sure grow the trees. Other trees I have bought of you were the finest I had ever seen from any nursery, but this Spring's shipment caps the climax.

C. N. COX.

Cooper Co., Mo., 4/15/26.

I have dealt with you people for thirty-five years and always found you straight forward. Always have a good word for **BAGBY AND SONS.**

L. S. GEIGER.

# Apples

The first fruit, both in importance and general culture, is the Apple. Its period, unlike that of all other fruits, extends nearly or quite through the year. By planting judicious selections of summer, fall and winter sorts, a constant succession of this most desirable fruit will be obtained. Apple planting can never be overdone.

Our apples are grown on Missouri river upland, on well-branched, whole roots, smooth, clean and well grown in every respect. No better trees can be found anywhere.

# General Information

Over fifty-four years have been spent in building up our nursery business here at New Haven. It was established in 1872 by Julian Bagby, the father of the present management. Our employees have grown up in the business and are honored citizens of the community, and some have been with us over forty years. We state this fact that our customers may know that their orders are handled by responsible men.

## About Agents

This Price List is our Agent, but we shall be pleased to have you get a club among your neighbors, and on club orders amounting to \$100.00 or more, at single or ten rates, we allow you 10 per cent additional in stock. We put up each order in a separate package, so that upon receipt of goods you have only to hand out the different lots as ordered. Many of our best customers buy in large quantities at the lowest rates and distribute in lots as ordered by their neighbors.

We also desire to sell to nurserymen and dealers who buy to sell again, and special prices will be made on carloads or larger quantities than indicated in this list.

## References

We refer you to any bank or business house in New Haven, Mo., as to our responsibility and standing in the community. We do our local business with the Farmers' Savings Bank, New Haven, Mo.

## CERTIFICATE OF NURSERY INSPECTION

No. IC 6

Issued 7-22-26.

This Is to Certify that in accordance with the provisions of the Missouri Plant Act of 1925, the nursery and premises thereof belonging to New Haven Nurseries of New Haven, Mo., have been inspected by a duly authorized inspector and were found to be apparently free of injurious insect pests and plant diseases.

This certificate is not transferable and may be revoked for cause. This certificate expires September 1, 1927.

L. HASEMAN, Chief Inspector.

We are prepared to fumigate all consignments to states requiring fumigation. No Scale or Yellows have ever been found in our establishment, and we take pride in sending out only clean, healthy stock.

## It Pays to Plant BAGBY GROWN FRUIT TREES They Grow and Bear True To Name

Wayne Co., Ill., 2/18/26.

The five hundred Elberta Peach which I bought of you Spring 1920 are all living and in fine shape, and all bore some last year and proved true to name, not even a straggling seedling among them.

CHAS. JOHNSON.

Acadia Co., La., Jan. 14, 1926.

This is to inform you that I have received the trees you expressed to me recently. The trees are such as I wanted. They are healthy and of fine shape; even the packing was first-class. I thank you for your prompt delivery. I purpose to demonstrate to the people here that we can grow fruits in this part of the country. Wish you success in your honorable calling.

P. J. ROBIDAUX.

Callaway Co., Mo., 5/1/26.

Trees arrived in nice shape yesterday. Was a nice bunch of trees, but in thirty-two years of buying of you, have never gotten anything else.
